
Climate Diplomacy & ESG Technical Advisory for EU-Africa Investments

Service Overview:

Eliezer Center is positioned as a *regional implementation and compliance advisor* for European missions and private-public investment arms (like EIB, GIZ, FCDO, and the EU Commission) needing ESG-compliant, climate-resilient execution of their African strategies.

What We Deliver:

- ESG risk assessments for infrastructure, agriculture, energy, and tech investments
- Advisory on climate finance frameworks and green taxonomy alignment
- Localization of EU climate policies (e.g., CBAM, Fit-for-55) into West African context
- Support embassies' engagement with ECOWAS climate change offices and local governments
- Repeat consulting & compliance monitoring contracts with embassy technical units or EU project partners (e.g., Enabel, Expertise France).

Our services appeal to and benefits:

- EU Commission Delegations (Nigeria, Ghana, Senegal)
 - German GIZ offices (Green Recovery, Just Energy Transition)
 - Dutch Ministry of Foreign Affairs (Water, Trade, Climate)
 - Scandinavian embassies (Denmark, Norway, Sweden) with strong climate priorities
-
