

## **Eliezer Igweobi Center for Innovation & Sustainability (EICIS)**

**Your Strategic Partner for Sustainable Development in West Africa**

### **1. Environmental & Social Impact Assessments (ESIA)**

Delivering internationally compliant environmental and social impact assessments for infrastructure, energy, agriculture, and development projects. We align with World Bank, IFC, and AfDB standards.

### **2. Climate Adaptation & Resilience Planning**

Design of Local Climate Action Plans (LCAPs), Green Infrastructure Roadmaps, and Climate Resilience Frameworks to support adaptation and sustainability at municipal and national levels.

### **3. Human Capital Development & Workforce Strategy**

We develop vocational training models, workforce development plans, and diaspora engagement strategies to build resilient, inclusive human capital systems across sectors.

### **4. Policy Advisory & Public Sector Reform Consulting**

Offering evidence-based policy formulation, public administration reforms, governance modernization, and regulatory impact assessments (RIA) for ministries and agencies.

### **5. Data-Driven Development Intelligence & Research**

Field surveys, thematic briefs, GIS mapping, participatory rural appraisals, and custom research reports to guide international programs and local interventions.
